The fee is debited to the account against which the excess drawings occurred at the time that the request is processed.

Overdrawn accounts

Credit interest will cease to be paid on an overdrawn account and the debit balance will attract interest, at the same rate as an unsecured line of credit, which is calculated daily and charged monthly.

Banking Cheques

Where a cheque banked to a Customer's account is dishonoured (inward dishonour) a \$15.00 fee applies.

Note¹ Existing Gympie Credit Union customers do not incur this fee.

Where a Customer requests special clearance on a cheque deposited into their account, a \$50.00 fee applies. This service must be requested at the time the cheque is deposited, and the fee must be paid either in cash or by way of withdrawal from a Warwick Credit Union account at that time.

Coin deposits of over \$50.00 incur a fee of 5% of the total amount deposited. This fee is debited to the Customer's nominated account at the time the deposit is made.

Authorisation of Fees and Charges

The Customer authorises and agrees to the payment and fees, charges and penalty interest (where applicable) as set out in this document and advised from time to time. All fees are current as at the release date of this document; however, Warwick Credit Union reserves the right to alter fees and charges without notice. No responsibility is taken for changes made to any fees imposed by third parties.

Inactive Accounts/Dormant Customer

An account is classified as "inactive" when there have been no transactions against it during the previous 12 months.

The classification is not applied if a Customer holds a current Term Deposit or Loan with the Credit Union. Where possible, Customers will be contacted prior to this classification being activated to discuss their intentions.

Once all Customer owned accounts have been inactive for 12 months, the Customer is then classed as Dormant and a fee of \$5.00 will be debited on the first day of each month. This fee will be debited each month from the account for a maximum of 7 years or until the account funds are exhausted (whichever is the sooner). Should the account funds be exhausted and the Customer's only account with the Credit Union is the inactive account, then the fee will be deducted from the Customer's share holdings. Once the share holdings have been exhausted, the Membership will be terminated. Should the account funds not be exhausted after 7 years, the funds will be passed to an unclaimed monies account. For balances under \$500.00, the funds are transferred to the Warwick Credit Union unclaimed monies account, for any amounts of \$500.00 or more, the funds will be transferred to the

Unclaimed Monies Unit of the Australian Securities and Investment Commission.
